

4-H Project Grants

4-H Project grants are available to any and all Jackson county 4-H projects (county wide basis) that would like to apply. Here is what the project area will need to do to apply.

Application must be written and **submitted to the 4-H Executive Board by second Monday in April, a week before the 4-H Executive Board meeting.** Application must include:

1. Name(s) of those who wrote the proposal.
2. Summary of the use of the funds requested. What educational activities for youth will be supported with the money?
3. Why are the funds being requested?
4. How will the funds benefit the entire project?
5. Itemized budget for how the money will be spent, including the total amount of funding requested.
6. What other fundraising efforts have you already done? What fundraisers do you have planned for the future?
7. Who will oversee the money if it is awarded? (Certified 4-H Leader)

Additional Guidelines:

- a. Only one grant per project will be awarded. (This means you are responsible for gathering leaders & youth on a county-wide basis to ensure one proposal per project.)
- b. At least one certified adult 4-H leader must sign the proposal.
- c. Proposal should have an educational purpose. (Examples: equipment, field trip, camp, group learning session, volunteer development to ensure strong educational programs for youth, etc.)

Contact the UW-Extension office with questions or comments. 715-284-4257. **Proposals will be reviewed at the May 4-H Executive Board meeting, in preparation for the next years' budget / funding cycle.**
