## Jackson County 4-H Newsletter

October 2018—December 2018

### Dear 4-H Families and Friends:

It is finally fall and the leaves are changing colors, the days are getting shorter, and you're falling into the school routine again. This is also the exciting time of year in which we begin to see potential new members visiting our clubs to learn more about the 4-H program and meet YOU, the awesome Jackson County 4-H members that make our program what it is!

I challenge you to plan a fun get to know you activity or event at your upcoming club meetings so new families feel welcome and can begin to navigate the process of getting started on their own 4-H journey. These activities are also great for returning members to get new excitement about 4-H going into this new 4-H year!

October is also an exciting month because we celebrate **NATIONAL 4-H WEEK!** Even more of a perfect opportunity for you to promote the program to others who are not yet involved, and also to be reminded of what 4-H is all about! Encourage those you know who are interested in the 4-H program to attend the 4-H Open House on Tuesday, October 9th from 2:30 to 6:30 PM. If you are interested in helping out at the 4-H Open House please contact Sarah Tanis. And, as if you are a returning 4-H member be sure to re-enroll on 4hOnline before the official re-enrollment period ends on November 1st.

I hope you get out and enjoy the fall, encourage your friends to give 4-H a try, celebrate National 4-H week, and look into applying for a trip or award for next year!

Yours in continued partnership,  
Sarah Tanis (Hoffman)

## Melrose Satellites 4-H Club

On Sunday, September 16th, 2018 at 5pm, everyone walked into the Chuckwagon. We knew what day it was! Apple pie making day! It wasn't a normal meeting; everyone would have dirty hands. Not just the kids; the adults had their hands dirty too!

There were five jobs: making dough, peeling apples, and mixing apples, flour, sugar, cinnamon, and lemon juice together. You can never forget the most important jobs of rolling out the dough and putting the apple pies together. We did that for one hour and a half. In the end, we got to have a slice of pie and a scoop of ice cream.

Everyone had their own opinions, but my opinion was that it was fun and exciting. It definitely was an awesome way for everyone to get to know each other better.

## 4-H Flyer

### Get 4-H News through Text Messages with Remind

Many school districts already use a free program/app called *Remind* (<http://www.remind.com>). Jackson County 4-H has been using it too and if you aren't on it yet, we'd love you to join! With *Remind*, schools (in this case, Jackson County 4-H) house classrooms (clubs and project groups) where teachers (4-H leaders and volunteers) can share information with students (4-H members) and their families. Members and families opt in, meaning that they choose which classroom(s) to sign up for.

If you would like to receive text reminders about upcoming 4-H programs and activities, here are the lists that are available now.

- JC4H – All (Class Code: jc4hall)
- JC4H – Club Leaders (Class Code: 4Hclblea)
- JC4H – Project Leaders (Class Code: 4Hprojlead)

#### To sign up, you can:

- Download the *Remind* app, sign up for an account, and enter the Class Code to join.
- Or just text to "81010" with "Class Code" in the message.

Make sure to check with your club, project or other group leader about whether they will be starting a "class." Or you might be more comfortable with the technology and could consider volunteering to take the lead.

*Remind* will not replace all other forms of communication. Here's the plan:

- Newsletters - quarterly
- Bi-Weekly emails will continue
- Web page – Has been revamped and is continued being updated

*Remind* is one tool in what we believe will be a stronger communication system that reaches more Jackson County 4-H families as well as other community youth interested in our programs. Please don't hesitate to contact Sarah ([sarah.hoffman@ces.uwex.edu](mailto:sarah.hoffman@ces.uwex.edu)) at the UW-Extension office (715-284-4257) you have questions or need help getting signed up.

### National Youth Science Day Kits Available to Check Out

If you are looking for a STEM focused activity for your club meeting or group, there are National Youth Science Day kits available to check out at the Extension Office. The 4-H National Youth Science Day (NYSD) connects young people from around the world in an exciting, interactive learning experience in the form of a science, technology, engineering and math (STEM) challenge.

This year's kit is called 'Code Your World' and the focus is on computer programming. If you've ever wondered how computer programming works (at the basic level), this year's NYSD challenge is for you! There are four different activities and generally are geared more for teens, but the activities could be adjusted to work with a variety of ages. Only one of the four activities involves using a computer. Contact Sarah at the Extension Office if your group is interested in checking out kits.

### Activity Scholarships Available to Youth

Money is tight all across the county. The Jackson County 4-H Parents & Leaders Association Executive Board wants 4-H families to know they don't want money to keep youth from participating in 4-H activities that they will enjoy and benefit from. If your family needs help with a fee for an educational opportunity for youth, contact [Sarah Tanis](#) to learn more about how the Parents & Leaders can help. Requests will be kept confidential.

### Essential Elements Online Training Now Available for Adult Volunteer and Youth Leaders

**Belong, Mastery, Generosity and Independence are the 4 Essential Elements of Positive Youth Development that are focused online 4-H Youth Development.**

Would you like to learn more and how they relate to your role as a leader working with youth?

- Learn about each element in relation to different age youth from kindergarten to high school.
- Consider how what you can develop life skills in youth
- Build on what you know to foster the growth of these elements in young people

Each module is about 7- 10 minutes in length. You move through the module at your own pace. It will take you about 30 - 45 minutes to complete all four modules.

Go to the following link to get started: <https://4h.uwex.edu/files/2018/08/4HOnline-Essential-Elements-Training-For-4H-Volunteers.pdf>

## Wisconsin 4-H License Plates Available!

The 4-H Plate is here!

The 4-H Plate is here!

We wanted you to know: The Wisconsin 4-H license plate is available through the Wisconsin DMV, as of September 1, 2018. We will officially launch the plate later this Fall and will be providing every county with information about how proceeds from the sale of every plate will be shared with the county in which the plate was purchased. That means money coming to the Wisconsin 4-H Foundation and to county 4-H programs. A marketing tool kit will be distributed to every county to help in marketing the plate throughout 2019.

If you have preliminary questions, please ask your 4-H Program Coordinator. And stay tuned for more information. Please visit the Wisconsin DMV for pricing and more information: <https://wisconsindot.gov/Pages/dmv/vehicles/title-plates/4hf.aspx>

## Becoming a 4-H Volunteer

4-H Volunteers are valued partners in working with our youth and help make 4-H possible. In order to volunteer, previous 4-H Youth Development experience is not necessary. The most important qualification is a desire to work with young people and help them grow through educational experiences and gain positive life skills. Please consider sharing your time and talents! Adult volunteers working together with youth make a difference in the lives of young people.

Volunteers work with UW-Extension professionals to develop the life skills of youth members, thus benefiting the state, employers, and the economy. Volunteers extend the resources of UW-Extension as they work with staff to deliver educational programs. Volunteering is a privilege. How does one become a volunteer? If you have not already done so, go to Wisconsin 4HOnline and create a family profile.

If your family is already in the system, do not create a new family profile, just make sure you are entered into your family account and check that you want to be a 4-H volunteer. Then sign-up to take the Online Mandated Reporter Training for 4-H Volunteers. After signing up for the Online Mandated Reporter Training call the Jackson County UW-Extension office at 715-284-4257 or email [sarah.hoffman@ces.uwex.edu](mailto:sarah.hoffman@ces.uwex.edu) to set a time for your Volunteer In Preparation (VIP) training. Once you've completed your Online Mandatory Reporter training and VIP training, a background check will be conducted on you by the state and you will be contacted by GIS through e-mail requesting additional information needed in order for the state

## 4-H Research Project Help Needed

Lizzy Farrey, a former Rock County 4-H member and a current project leader, is looking for assistance in finding information for her senior research project at the University of Wisconsin-Whitewater. She is researching the beginnings of the 4-H program in Wisconsin. What she needs is listed below:

- Any sort of materials (record books, newspaper clippings, etc.) of any sort of Wisconsin 4-H project or event from 1930 or earlier.
- Quick photo of these documents for the purposes of research, so no harm will come to any of the items.
- Email [farreyea24@uww.edu](mailto:farreyea24@uww.edu) if you can provide any materials

## TSC Paper Clover Campaign

Tractor Supply Company is Looking for Local 4-H Clubs to Join them for the Fall Paper Clover Campaign. The Fall Tractor Supply Company Paper Clover Campaign is right around the corner, starting October 3, 2018 and running through October 14, 2018. Add \$1 at checkout, and your money supports leadership activities for Wisconsin 4-Hers.

The Wisconsin 4-H Foundation is offering another way for clubs to participate: if your club partners with your local TSC to promote 4-H at the store, the Foundation will give your club \$50. TSC stores with 4-H clubs' participation have better sales, and, of course, better sales means more money that can be used to help fund leadership programs throughout the state. There are many TSC stores in Wisconsin, so even if there is not a TSC in your county, you can still partner with the TSC that is closest for you.

Remember, though, the \$50 is awarded to only one club per store. If you are interested, please contact Joanne at the Wisconsin 4-H Foundation at [Joanne@Wis4HFoundation.org](mailto:Joanne@Wis4HFoundation.org) or (608) 262- 1597. The Foundation can provide contact information for the store in your area, then your club and the store can work together to plan your event. Keep in mind that this opportunity is first-come, first-served (one club per store).
